Wheat Opens Very Firm, Advances Slightly, and Closes Weak and Lower.

Fair Volume of Business in Corn, with Entire Absence of Exciting Features-Provisions Dull and Lower on Light Trading.

MONEY, BONDS AND STOCKS.

A Dull and Uninteresting Day in New York, the Market Being Without Feature. NEW YORK, June 2 .- Money on call easy at 12 1's per cent., the last loan being made at 1 per cent. closing at 101's per cent.

Prime mercantile paper, 426 per cent. Steeling exchange was dull but steady at \$4.86% for sixty-day bills, and \$4.88% for demand. The total sales of stocks to-day were 52,547 hares, including the following: Lake Shore, 6,450; Louisville & Nashville, 2,200; Missouri Pacific, 3. 720; Reading, 8,550; St. Paul, 5,926; Union Pacific

The stock market to-day was the dullest and most uninteresting so far during the present depression and was almost entirely devoid of feature. The alarming reports of the illness of Mr. Gould received from the West gave a weak tone to the opening this morning and first prices were generally from 1g to 2g below those of last evening. A general disbelief in the rumors circulated soon became prevalent, however, and the market, while extremely dull, regained its tone. In the early trading, the business done was entirely in the hands of the professionals, and fluctuations were confined to the smallest limits, all except Union

the hands of the professionals, and fluctuations were confined to the smallest limits, all except Union Parific being traded in within a radius of & per cent. The last mentioned stock, however, was trong on the favorable showing of its report, just issued, which induced considerable covering, and a advanced 1 is in the first half hour. At the same time Missouri Pacific displayed some weakness, but later recovered a portion of its loss. Toward 11 o'clock the market again exhibited a declining tendency, and prices shaded off slowly until the close, the dealings from that time being utterly featureless. The close was very dult and rather heavy, at about first prices. The amount of business done during the two hours was only 52,247 shares. Union Pacific furnished 12,270 of that. The final changes are, almost without exception, in the direction of lower igness, but they are confined to small fractions.

The railroad bond market was a little more animated than the share list, but the sales were only 1660,000. The mine lack of feature marked the dealings, and beyond the rapid recovery in South

gs, and beyond the rapid recovery in South as seconds there was no movement in the list y of mention. Final changes are almost invariability of mentions, and quite irregular. Among ivances, St. Paul, H. & D. fives, rose 2, to Michigan Central fives of 1902, 1, to 10812, cific new seconds 1, at 3812, and Great certificates 2, at 91. Sales of bonds ero only \$4,996,000, against \$6,990,

onds were dull and steady.

SICAGO, June 2,-The action of the local wheat ay did not leave it very clear to the trade a just what the clique now at work in the te accomplish. The market here opened to advance, went all to pieces. New tly bullish early, because of cover-in the old-crop options, while other age lower when that exchange loss would indicate

vanced early, but closed below last night's prices, with ing sales by the crowd, and the slump in wheat of the morning. Janu oul at 55% 255 ec. June denvers was weak and lower; July stendy early and mally decining, but other futures were not materially changed. The publication of the stocks of hog products in this city made a larger showing than was expected, but are 43,000,000 pounds less than June 1, last year. Receipts of hogs were light and prices 5c higher. There was little disposition on the part of operators to trade, and the small business that passed was chiefly of a scalping nature. At the close pork was chiefly of a scalping nature. At the close pork was 2 ge lower and short ribs .02 go.05c, but lard was .05c higher. July pork sold at \$14.05 go 14.12 g. and closed at \$14.07 g. July lard sold sparingly at 8.47 go 8.52 gc, and closed at 8.52 g. July short ribs sold at 7.60 go 7.62 gc. and closed at 7.62 gc. INDIANAPOLIS MARKETS.

The Business Situation Disappointing-Trade in All Departments Slow.

INDIANAPOLIS, June 2. In all departmenss of trade complaint is heard of the dullness in business, and no one seems competent

to assign a reason for the disappointing volume of traffic, unless it be that we are just feeling the crop shortage of 1887 in this section. Farm rs have but little to sell, and consequently have but little money. Many farmers are said to be borrowing from the country banks who usually have deposits in them at this season of the year. What is worse, there is little encouraging in the sitfailure and the oats crop will fall below expectations, doubtless, and unless we soon have more summerlike weather, the corn crop will hardly come up to expectations, although most fields have come up well and the color of the corn is good. In prices, the past week, changes in values have been few and unimportant. Coffees are not in as strong a position as early in the week, while sugars are in a decidedly stronger in the week, while sugars are in a decidedly stronger position on a large and increasing demand. Whole-sale houses are well cleared of their stocks of canned goods, and dried fruits are well sold out. Rice, starch and spices are all firm and meeting with fair distribution. Provisions are steady, and lard and hams meeting with large sales, in a jobbing way mostly. The hide market is sluggish, prices ruling considerably lower than at the corresponding period last year. Millers report a good demand for flour, but prices are relatively so much lower than the price of wheat that there is no money in the business, and they continue to run to only about one-half their capacity. Receipts of the new clip of wool are not coming up to expectations, the backwardness of the season doubtless being in part the canse. It has been rather a quiet week with the dry goods men. Little doing except in the way of repleuishing broken stocks. The produce markets are fairly active. Old potatoes firmer, while new potatoes are weak at the reduced quotations of the early part of the week. In fact, all early vegetables are selling at much lower figures than a week ago. Poultry and butter in large supply, and tending downward. Ergs firm, shippers, some of them, paying 12½ cents. Cherries and strawberries were higher to-day than on any day of the week, the commission men taking advantage of the large demand for Saturday, and holding prices at the highest figures. Other markets present no new features.

It was an off day in the local grain market. The attendance on 'Change was slim and the bidding tame. Prices on most grades of all cereals ruling a shade lower. Track bids to-day ruled as follows:

General Underwood has issued general orders calling on the cantons of Patriarchs Militant of the interdepartment to assemble in Cincinnati, July 24-27, department to assemble in Cincinnati, July 24-27, and has issued a programme for a competitive drill. Cash prizes of \$8.410 will be awarded. The highest prize is \$1,700; second, \$1,400; third, \$1,100, and on down to \$210, making twelve awards of thirty-six prizes. Cantons desiring to compete must make entry by the 15th of July. The extensive arrangements being made, the rate of transportation at 1 cent a mile, and the fact that the cantonment is in the center of the largest number of cantons in the country, give assurance that this will be the largest gathering of Patriarchs Militant yet held, far exceeding the one in Boston in 1886, when there were 10,000 men in line. It is hoped that the Indiana cantons men in line. It is hoped that the Indiana cantons will arrange to attend, and swell the column. At least two of our cantons, Marion and Muncie, should contest for a prize.

KNIGHTS OF HONOR Uniform Rank, No. 12, held a full meeting on last Friday evening. It conferred the degree on two ap-plicants and read and referred four petitions for mem-bership. The committee on the entertainment, which is to take place June 11, reports that about all details for that event are completed and promises a programme that will please everybody.

Victoria Lodge. No. 22, held quite an interesting meeting on last Monday evening. Two applications were received and referred. The officers are very anxious to meet every member of the lodge at Lodge Hall on next Monday evening. Business of importance will be brought before the lodge. The commander of the Uniform Rank, K. of H., will be there in full uniform.

GRAND ARMY OF THE REPUBLIC. The Memorial day committee, of which Col. J. B. Black was chairman and O. R. Weaver secretary, representing the G. A. R., the W. R. C. and the S. of V., resenting the G. A. R., the W. R. C. and the S. of V., has passed a resolution to the effect that the thanks of these organizations are due to Comrade John Coburn for his oration, to the Butler University Glee Club for vocal music, to Messrs. D. H. Baidwin & Co. for programmes, to Mr. F. W. Chislett, superintendent of Crown Hill Cemetery, for his co-operation and assistance, to the United States Express Company for the use of wagons for the transportation of material, to Messrs. Kingan & Co. for barrels, to Messrs. Shover & Dickson for ice and to Superintendent L. H. Jones and the teachers and the 12.854 scholars of Jones and the teachers and the 12,854 scholars of the public schools of the city for their generous and elentiful donation of flowers.

KNIGHTS OF THE GOLDEN RULE. Castle Enterprise, No. 258, is enjoying a genuine boom this term. It has now on the roll eighty two members, having admitted over forty this term. From four to ten initiations are had at every meeting. The body received five more propositions at its last meeting. At the next meeting night there will be some very important business done and a full attendance is expected. This order will, within the next year, be among the leading ones in the city. There are at present four castles and a in the city. There are at present four eastles and a deputy is at work who will erect three more about the middle of June.

THE SECRET LEAGUE Good reports come from New Albany and Jeffer. sonville, showing a fine increase for this term. Washington, No. 21, reports the good work going on in its midst. The roll of membership has been argely increased. The Merchant Zouaves have made final prepara-tions for their excursion to Madison next Sunay, which promises to be a grand affair. The company will probably receive its new uniform this week. Mrs. Harry Adams, formerly of this city, but at present a resident of Nashville, took an active interest in the welfare of the I. L. A. while in her locality, and presented them with a handsome basket of flowers. Adjutant-general Koontz during the past week is-sued commissions to Stephen L. Finney, captain; T. L. White, first lieutenant, and C. S. Douglass, second lieutenant, of the Valparaiso Blues, of Valparaiso,

The I. L. A. was captured in the sham battle, at Nashville, by the Louisville Battery, and Captain Curtis was taken prisoner. Our boys rallied aud, under the leadership of Corporal Bodenmiller, immediately recaptured the artillery piece.

The Rice Zouaves put up quite a drill on the State house lawn on Tuesday evening, going through the manual and foot movements in fine shape. The boys contemplate renting a room in the vicinity of the State-house for company quarters and drill outdoors entirely this summer. The I. L. I. council of administration, consisting of Capt. Will McKee, Sergeants Smith, Lowes, Conde and McCrea, Corporal Alexander and Private Bissel, transacted a lot of important company business last week, climinating delinquent members from the rolls, and straightening things up generally.

Lieut. Thomas Black, of the Rice Zouaves, is devot ing his spare time these sunny afternoons drilling a broom brigade composed of nineteen beautiful young ladies from the Hall-place Church. An entertainment will shortly be given for the benefit of the church, and the broom drill will be the feature.

Capt. Jas. B. Curtis. of the I. L. A., Capt. Jacob Fox, of the Merchant Zouaves, and Capt. Mart Drapier, of the Rice Zouaves, leave for St. Louis this morning. The following members of the Rice Zouaves will accompany them: Lieutenant Donahue, Geo. Stillhorn, Al Ivery, Frank Butts, — Hinebo, John Lay and Will Reigler.

The Hendricks Club Military Drum Corps, com-posed principally of members of the Rice Zouaves, re-ceived its new uniforms last week, and will accompany the Hendricks Club to St. Louis this morning twentyone strong. Alvin Ivery is drum-major, and Dan Donahue and Geo. Stillhorn, respectively, lead the drummers and buglers.

The old proverbial superstition concerning the number 13 does not seem to hold good with the L. L. A. Several times while practicing at the exposition grounds thirteen were seated at the dinner-table, and a similar occurrence was noticeable while the company was in camp at Nashville. They took part in their thirteenth prize drill last week, and the award was made on May 26...twice thirteen.

Company A is fitting up a cozy reception-room and armory at Masonic Hall, the company's future head-quarters, which will be opened shortly with an informal reception to its friends. The company's drill last Thursday night was well attended, there being seven sets of fours in line, with a large number of men on the benches noting points from the company Capt. P. J. Kelleher, of the Emmet Guards, tendered his resignation as captain of the company at the meeting last Tuesday evening. The election of a successor has been deferred and First Lieutenant Jas. M. Welch is, for the time being, acting captain. A committee consisting of Jos. M. Dugan, Geo. Feeney, and A. Gaynor, was appointed to draft resolutions of respect to Capt. Kelleher, who has been with the com-

any since its organization. Several members of the Light Artillery voice the entiment of many who have given the subject thought sentiment of many who have given the subject thought that a public reception ought to have been accorded them by the citizens of Indianapolis immediately upon their arrival home from Nashville. However true it may be that the competition in the artillery contest was not to be compared with that at Washington last year, the fact remains that the boys carried away first prize by hard work and study. And when it is remembered that this city, the home of the first and the best drilled battery in the United States, failed to tender them even a bravo, or well done, it is no wonder that the boys feel hurt and discouraged.

The turnout last Wednesday by the militia of the city was by far the most creditable of any in the past five years. Every company save the colored companies had more than a full company in line. Yet in spite of this, the young soldiers received few courtesies from the committee having charge of transportation, etc., from the city to Crown Hill. Heretofore separate cars have been provided for the militia. This year the companies had to hang on as best they could be the already overcrowded coaches, the members of year the companies had to hang on as best they could in the already overcrowded coaches, the members of the different companies being scattered indiscriminately along the bell-rope, arm-rests, platforms, and brake rods. Had steps been provided for, so that the tops of the cars could have been utilized, a relief would have been experienced that, under the circumstances, would have been enjoyable. Another subject of comment was the fact that the conductors compelled the men to pay for their transportation, something which has never been done before. Only one company escaped the tax, and that was the Light infantry. Why a distinction was made is a query the boys would like to have answered. oys would like to have answered.

They close their lips tightly upon it. Their eyes roll wildly around the room. They believe that the tube contains some mighty gas or a metal of mysterious power. "There ain't much taste to it, docther," said one of these credulous fellows, "but I s'pose it's turrible sthrong." Dr. ——, who is something of a wag, encouraged the man's faith in the occult virtues of the thing, and with remarkable re-sults. After the first "dose," the fever abated. The "treatment" was continued, and the patient actually recovered, cured by thermometer, ad-ministered ter in die, without further drugging.
